

ADDIE HOEFT

Boulder, CO & Westfield, NJ | alhoeft6@gmail.com | 908-274-4927

EDUCATION

CU Boulder - Computer Science (BS)
Business & Data Science Minors, GPA 3.385

Expected graduation: May 2028

RELEVANT COURSEWORK

Spring 2025: Algorithms, Linear Algebra, Data Science and Statistics, Databases, Research Seminar
Fall 2025: Discrete Structures, Software Development, Computer Systems, Designing STEM Learning, Logic
Spring 2025: Calculus II for Engineers, Physics I, Data Structures, Geology: Habitable Planets
Fall 2024: Calculus I for Engineers, Introduction to Programming, Computer Science as a Field, Geology

PROGRAMMING EXPERIENCE

Python: In college, Data Science, Discrete Math, and Linear Algebra classes, independent study of game theory. Discrete Math Tutor. In high school, artificial intelligence independent study and AP Computer Science Principles (Top-Of-Class Award) courses.
C++: Data Structures and Introduction to Programming courses.
C#: Advanced Computer Science Game Design course.
HTML, CSS, and Javascript: Software Development and Web Design (Top-Of-Class Award) classes.
SQL: Software Development and Databases classes.

PROJECTS

Repquest - full stack fitness tracker made with a team. I focused on web services (AWS), databases (SQL), and project management. I also created the front end of an achievements page using HTML, CSS, and JavaScript.
Crash: a computer game I designed in 2024 using C# and Unity. I learned about optimization and UI design.
Portfolio Website: a website programmed in HTML, CSS, JavaScript, and Bootstrap to showcase my projects.

INVOLVEMENT

Director of New Member Education, Philanthropy, and Sergeant of Arms at Phi Sigma Rho *Fall 2024-Present*

- Earned the 2024-2025 Philanthropy award.
- Use Robert's Rules of Order to ensure decorum in chapter and disciplinary meetings.
- Raise funds for the Leukemia and Lymphoma Society by coordinating events with external offices. Examples include bake sales, charitable walks, and restaurant fundraisers.
- Plan sisterhood, philanthropy, and retreat events for new members as they transition into the sorority
- Teach a weekly class about the history and structure of the sorority, serving as a mentor and leader for younger members. Assist them in their transition into college. Encourage community and camaraderie.
- Collaborate with other directors. Serve as a liaison between the executive board and new members.

Goalkeeper, CU Club Field Hockey

Fall 2024-Present

- Work under pressure, as the line of defense. Keep a level head and improve upon previous plays.
- Serve as a leader among the defensive line with an emphasis on short, but effective communication.
- Raise money through ticket scanning and fundraising for CU basketball and football events.
- In high school placed 5th nationally in indoor and 10th nationally in outdoor, Centercourt Club.

WORK EXPERIENCE

Field Hockey Coach - Colorado Bears

Fall 2025-Present

- Coach elementary and middle school goalkeepers.

Dunkin Employment

Summer 2025

- Work quickly and effectively under time pressure to make drinks and food for customers.
- Handle money and make quick mental calculations while interacting with customers.
